

E-Bike Parking Policy

E-Bike Parking Policy:

- E-Bike Spots will be allocated on a "first come, first served" basis.
- Priority allocation will be for "Green" vehicles first, and all other general parking second.
- A \$13.00/month parking fee will be charged for all e-bikes.
- The parking spot can be split at a later date (new line marking) and marked as #a and #b, for example. That would allow for multiple E-Bikes to be parked in the spot, as well as allow for vehicle parking should it not be in use for E-Bikes.
- When the vehicle is not in the green parking spot being charged there should not be any electrical cords or bike covers left in the spot. These should be put away inside the owners' personal space when not in use.

*New Policy Adopted on:
March 22nd, 2017 by General Members at a duly constituted meeting*
